

- ▼ **Challenge:** HR Business Partners were in need of a consistent approach for conducting interviews.
- ▼ **My Role:** Conducted a needs analysis and created a project timeline to develop an eLearning module. Interactive course was developed in Storyline 2.
- ▼ **Solution:** This eLearning module included the several components of the leadership landscape initiative balanced with the right amount of interactions to reinforce the learning.
- ▼ **End Results:** Project was delivered to internal retail and HR related team members with great success. A consistent interview process was deployed.
